The Network Advantage

All Golden Rule health insurance plans include access to one of our Savings-Based Networks. Preferred Networks are also available, and offer significant premium discounts.

Savings-Based Networks

Savings-Based Networks are included with all plans and provide:

- Access to a broad network of physicians and hospitals to help reduce your costs; and
- Freedom to use non-network physicians and hospitals.

While you are free to use any health care professional, using a Savings-Based Network physician or hospital benefits you in the following ways:

- You may pay less for services incurred before your deductible is met;
- Network physicians and hospitals will not bill above the accepted network fee; and
- Network physicians and hospitals will file your claim for you.

Preferred Networks

Available in most areas. A Preferred Network includes physicians, hospitals, and other health care providers that have agreed to provide quality health care at reduced costs.

Lower costs mean lower premiums. Most applicants choose one of our Preferred Networks to take advantage of these premium reductions.

In return for the premium reduction, you agree to use physicians, hospitals, and other health care providers in your Preferred Network.

If you are insured under a Preferred Network plan and receive non-emergency services outside your Preferred Network, covered expenses are:

- Reduced by 25%; and
- Subject to a separate deductible amount equal to the calendar-year deductible.

If you are under a Copay Plan (which requires Preferred Network), office visit expenses outside your network are not eligible for copay benefits.

To find or view network providers for any network, visit www.goldenrule.com

Health Savings Account (HSA) Plans

Who might benefit most from an HSA plan?

- Anyone interested in more control over how their health care dollars are spent.
- Families interested in one annual deductible per family.
- Those interested in trading low deductible health insurance for a higher deductible plan to save money on monthly premiums and taxes.

How HSAs Work

HSA Plans offer quality coverage, savings

HSA Plans have two components: a lower cost, high deductible health insurance plan and a tax-favored health savings account.

The money you save on premiums can be put into your tax-favored health savings account (HSA). You can withdraw the money to help pay your deductible or other qualified health care expenses. Once your deductible is met, the insurance plan starts paying for covered expenses.

Your unspent savings roll over year after year.

Lower premiums, tax-advantaged savings, and an attractive interest rate*

The money you save from reduced premiums can be put into your Health Savings Account -- tax deductible.

Your health savings grow tax-deferred, and can be withdrawn tax-free to help pay your deductible or for other qualified health care expenses like prescriptions, vision, or dental care.

What you don't use will continue to accumulate year after year. Then, if you ever need it for health care expenses, the money will be there.

You'll earn interest on your savings, beginning with the first dollar deposited.

High Deductible Plans

Who might benefit most from a high deductible plan?

- Anyone willing to take responsibility for routine health care expenses in exchange for lower premiums.
- Anyone seeking lower cost protection from unexpected accidents and illnesses.
- Early retirees needing a bridge to Medicare.

How High Deductible Plans Work

Lower Premiums

With high deductible plans, you're keeping more of your money and taking responsibility for covering minor or routine health care expenses -- if they come up. The higher the deductible, the lower your premiums.

Saver 80SM is our lowest premium plan. This plan provides coverage for hospital confinements, surgical procedures in or out of the hospital, and the more costly outpatient expenses, such as CAT scans and MRIs.

Simple to use

Golden Rule's top-selling high deductible plan -- **Plan 100[®]** -- pays 100% of covered expenses once you meet your calendar-year deductible. Your benefits are not complicated with multiple copays or coinsurance.

Comprehensive Coverage

- Up to \$3 million lifetime maximum benefit per covered person
- Up to \$500 annually for adult preventive care or childhood immunizations (see page 7 for details)
- Add optional benefits to increase coverage (see page 8 for details)

Optional Benefits

Further customize your health insurance coverage to meet your specific needs.

Preventive Care Benefits Package

(Not available with Copay SelectSM Plan.)

This option is available with our Preferred Network health insurance plans. If elected, this option replaces preventive care benefits otherwise included within the plan. This package waives the deductible and provides 100% for the following covered expenses:

Preventive Care Benefits Package
Routine well child care visits through age 18 100% in network for covered services; deductible does not apply
Childhood immunizations 100% in network; deductible does not apply
Mammogram, Pap smear, and PSA test 100% in network for one of each test per calendar year; deductible does not apply
Adult preventive care age 19 and older (12 month wait on adult preventive care) \$35 copay, then 100% in network -- limited to \$300 per calendar year

Maternity Benefit

(Not available with HSA Plans; not available in AR, MD, or VA.)

This optional benefit helps cover the costs for routine pregnancy and delivery. You choose the maximum benefit amount -- \$2,500 or \$4,000. Payment is limited to 50% of the maximum benefit during the first year. After the first year, the plan will pay 100% of the maximum benefit. To be covered, pregnancy must begin while maternity benefits are in effect.

Benefit Amount	Year 1	Year 2 & On
\$2,500	50%	100%
\$4,000	50%	100%

Prescription Drug Card Benefit

(Not available with any Saver or HSA Plans or Copay SelectSM.)

With this benefit, you can purchase:

- Generic prescription drugs for a \$20 copay; and
- Name-brand drugs for a \$50 copay after a \$250 calendar-year, per-person deductible.

IMPORTANT: If generic is available, name-brand drugs will be reimbursed at generic price.

Supplemental Accident Benefit

(Not available with HSA Plans.)

This benefit provides up-front coverage for unexpected injuries and is limited to \$500 of first-dollar coverage for treatment of an injury within 90 days of an accident.

Term Life Benefit

You may choose an optional decreasing term life insurance benefit for you and your spouse if your spouse is also a covered person under the health policy. The amount of life insurance protection provided for you and your spouse depends on the primary insured's attained age at the time of death, as shown in the table.

Attained Age of Primary Insured at Death	Primary Insured Benefit Amount	Covered Spouse Benefit Amount*
49 or less	\$30,000	\$15,000

60-64	\$12,000	\$6,000

*Equal to the primary insured's benefit amount for certificates issued to residents of Maryland.

Provisions That Apply to All Plans

This brochure is only a general outline of the coverage provisions. It is not an insurance contract, nor part of the insurance policy or certificate. You'll find complete coverage details in the policy and certificates. In most cases, coverage will be determined by the master policy issued in Illinois and subject to Illinois law.

Health Care Provider Networks

All Golden Rule plans include access to one of our Savings-Based Networks. Preferred Networks are also available, and offer significant premium discounts. See page 1 of this brochure for more information.

Transplant Expense Benefit

The following types of transplants are eligible for coverage under the Medical Benefits provision:

Cornea transplants, artery or vein grafts, heart valve grafts, and prosthetic tissue replacement, including joint replacements and implantable prosthetic lenses, in connection with cataracts.

Transplants eligible for coverage under the Transplant Expense Benefit are:

Heart, lung, heart and lung, kidney, liver, and bone marrow transplants.

Golden Rule has arranged for certain hospitals around the country (referred to as our "Centers of Excellence") to perform specified transplant services. If you use one of our "Centers of Excellence," the specified transplant will be considered the same as any other illness, and will include a transportation and lodging incentive (for a family member) of up to \$5,000. Otherwise, the acquisition cost for the organ or bone marrow will not be covered, and covered expenses related to the transplant will be limited to \$100,000 and one transplant in a 12-month period.

To qualify as a covered expense under the Transplant Expense Benefit, the covered person must be a good candidate, and the transplant must not be experimental or investigational. In considering these issues, we consult doctors with expertise in the type of transplant proposed.

The following conditions are eligible for bone marrow transplant coverage:

Allogenic bone marrow transplants (BMT) for treatment of: Hodgkin's lymphoma or non-Hodgkin's lymphoma, severe aplastic anemia, acute lymphocytic and nonlymphocytic leukemia, chronic myelogenous leukemia, severe combined immunodeficiency, Stage III or IV neuroblastoma, myelodysplastic syndrome, Wiskott-Aldrich syndrome, thalassemia major, multiple myeloma, Fanconi's anemia, malignant histiocytic disorders, and juvenile myelomonocytic leukemia.

Autologous bone marrow transplants (ABMT) for treatment of: Hodgkin's lymphoma, non-Hodgkin's lymphoma, acute lymphocytic and nonlymphocytic leukemia, multiple myeloma, testicular cancer, Stage III or IV neuroblastoma, pediatric Ewing's sarcoma and related primitive neuroectodermal tumors, Wilms' tumor, rhabdomyosarcoma, medulloblastoma, astrocytoma, and glioma.

Home Health Care

To qualify for benefits, home health care must be:

- Provided in lieu of medically necessary inpatient care in a hospital or hospice; and
- Provided through a licensed home health care agency.

Covered expenses for home health aide services will be limited to seven visits per week, and a lifetime maximum of 365 visits. Registered nurse services will be limited to a lifetime maximum of 1,000 hours.

Hospice Care

To qualify for benefits, a Hospice Care program for a terminally ill covered person must be licensed by the state in which it operates. Benefits for inpatient care in a hospice will be limited to 180 days in a covered person's lifetime. Covered expenses for room and board are limited to the most common semiprivate room rate of the hospital or nursing home with which the hospice is associated.

Notification Requirements

You must notify us by phone on or before the day a covered person:

- Begins the fourth day of an inpatient hospitalization; or
- Is evaluated for an organ or tissue transplant.

Failure to comply with Notification Requirements will result in a 20 percent reduction in benefits, to a maximum of \$1,000.

If it is impossible for you to notify us due to emergency inpatient hospital admission, you must contact us as soon as reasonably possible.

Our receipt of notification does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the policy. You may contact Golden Rule for further review if coverage for a health care service is denied, reduced, or terminated.

12

Preexisting Conditions

Preexisting conditions will not be covered during the first 12 months after an individual becomes a covered person. This exclusion will not apply to conditions which are both: (a) fully disclosed to Golden Rule in the individual's application; and (b) not excluded or limited by our underwriters.

A preexisting condition is an injury or illness: (a) for which a covered person received medical advice or treatment within 24 months prior to the applicable effective date for coverage of the illness or injury; or (b) which manifested symptoms which would cause an ordinarily prudent person to seek diagnosis or treatment within 12 months prior to the applicable effective date for coverage of the illness or injury.

Limited Exclusion for AIDS or HIV-Related Disease

AIDS or HIV-related disease are treated the same as any other illness unless the onset of AIDS or HIV-related disease is: (a) diagnosed before the coverage has been in force for one year; or (b) first manifested before the coverage has been in force for one year. If diagnosed or first manifested before coverage has been in force for one year, AIDS or HIV-related disease claims will never be covered. Details of this limited exclusion are set forth in the policy and certificates.

General Exclusions

No benefits are payable for expenses which:

- Are due to pregnancy (except for complications of pregnancy) or routine newborn care (unless optional coverage is selected).
- Are for routine or preventive care unless provided for in the policy.

- Result from employment-related injury or illness if the covered person is insured or is required to be insured, by Workers' Compensation insurance under applicable state or federal law.

- Are for dental expenses or oral surgery, eyeglasses, contacts, eye refraction, hearing aids, or any examination or fitting related to these.
- Are for modification of the physical body, including breast reduction or augmentation.

- Are incurred for animal-to-human organ transplants, artificial or mechanical organs, procurement or transportation of the organ or tissue, or the cost of keeping a donor alive.
- Are incurred for marriage, family, or child counseling.
- Are for recreational or vocational therapy or rehabilitation.
- Are incurred for services performed by an immediate family member.
- Are not specifically provided for in the policy or incurred while your certificate is not in force.

Benefits will not be paid for services or supplies that are not medically necessary to the diagnosis or treatment of an illness or injury, as defined in the policy.

General Limitations

- Expenses incurred by a covered person for treatment of tonsils, adenoids, middle ear disorders, hemorrhoids, hernia, or any disorders of the reproductive organs, will not be covered during the covered person's first six months of coverage under the policy. This provision will not apply if treatment is provided on an "emergency" basis. "Emergency" means a medical condition manifesting itself by acute signs or symptoms which could reasonably result in placing a person's life or limb in danger if medical attention is not provided within 24 hours.
- Covered expenses will not include more than what was determined to be the reasonable and customary charge for a service or supply.
- Transplants eligible for coverage under the Transplant Expense Benefit are limited to two transplants in a ten-year period.
- Charges for an assistant surgeon are limited to 20 percent of the primary surgeon's covered fee.
- Covered expenses for surgical treatment of TMJ, excluding tooth extractions, will be limited to \$10,000 per covered person.

- All diagnoses or treatments of mental disorders, as defined in the policy, including substance abuse, will be limited to a lifetime maximum benefit of \$3,000 (not covered in Saver Plans, subject to state variations). Covered expenses for outpatient diagnosis or treatment of mental disorders will be further limited to \$50 per visit. As with any other illness or injury, inpatient care which is primarily for educational or rehabilitative care will not be covered.
- Covered outpatient expenses relating to diagnosis or treatment of any spine or back disorders will be limited to a maximum of \$2,000 per calendar year. CAT scan and MRI tests are not subject to this limitation.
- Covered expenses will be limited to no more than a 34-day supply for any one outpatient prescription drug order or refill.

Effective Date

For **injuries**, the effective date for a mailed application will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule at its Home Office.

For an application sent by any electronic method, the effective date for injuries will be the later of: (a) the requested effective date, if any, shown on the application; or (b) the day after the date upon which the application is actually received by Golden Rule at its Home Office.

The effective date for **illnesses** will be the same as for injuries if you are replacing prior coverage within 62 days of application for this coverage and disclose replacement information on the initial application for insurance. If replacement information is not disclosed on the initial application for insurance, the effective date for illnesses will be the 15th day after the effective date for injuries. Illnesses that begin prior to that 15th day will be treated as a preexisting condition and will not be covered until the individual has been a covered person for 12 months.

Premium

We may adjust the premium rates from time to time. Premium rates are set by class, and you will not be singled out for a premium change regardless of your health. The policy plan, age and sex of covered persons, type and level of benefits, time the certificate has been in force, and your place of residence are factors that may be used in setting rate classes. Premiums will increase the longer you are insured.

Dependents

For purposes of this coverage, eligible dependents are your lawful spouse and eligible children. Eligible children must be unmarried, living with and financially dependent on you, and under 19 years of age, or under 23 years of age if attending an accredited college or vocational school on a full-time basis.

Termination of a Covered Person

A covered person's coverage will terminate on the date that person no longer meets the eligibility requirements, or if the covered person commits fraud or intentional misrepresentation.

Continued Eligibility Requirements

A covered person's eligibility will cease on the earlier of the date a covered person:

- Ceases to be a dependent; or
- Becomes insured under an individual plan providing medical or hospital, surgical, or medical services or benefits. (This does not apply to stand-alone cancer, ICU, or accident-only policies.)

Renewability

You may renew coverage by paying the premium as it comes due. We may decline renewal only:

- For failure to pay premium; or
- If we decline to renew all certificates just like yours issued to everyone in the state where you are then living.

Underwriting

Coverage will not be issued as a supplement to other health plans that you may have at the time of application.

Conditions Prior to Legal Action

To help resolve disputes before litigation, the policy requires that you provide us with written notice of intent to sue as a condition prior to legal action. This notice must identify the source of the disagreement, including all relevant facts and information supporting your position. Unless prohibited by law, any action for extra-contractual or punitive damages is waived if the contract claims at issue are paid or the disagreement is resolved or corrected within 30 days of the written notice.

Group -- COB

If, after coverage is issued, a covered person becomes insured under a group plan, benefits will be determined under the Coordination of Benefits (COB) clause. COB allows two or more plans to work together so that the total amount of all benefits will never be more than 100 percent of covered expenses. COB also takes into account medical coverage under auto insurance contracts.

Medicare -- Carve-Out

Covered persons who reach the age of Medicare eligibility and obtain Medicare coverage will be provided an alternative health insurance benefit called "Carve-out." Basically, "Carve-out" pays the difference between what Golden Rule benefits normally would pay and what is paid by Medicare.

CONDITIONS PRIOR TO COVERAGE (APPLICABLE WITH OR WITHOUT THE CONDITIONAL RECEIPT)

Subject to the limitations shown below, insurance will become effective if the following conditions are met:

1. The application is completed in full and is unconditionally accepted and approved by Golden Rule Insurance Company (Golden Rule) at its Home Office or Indianapolis Office.
2. The person is a member of the Federation of American Consumers and Travelers.
3. All medical examinations, if required, have been *satisfactorily completed*.
4. The persons proposed for insurance must be, on the *effective date for injuries*, not less than a standard risk acceptable to Golden Rule according to its regular underwriting rules and standards for the exact plan and amount of insurance applied for.
5. The first full premium, according to the mode of premium payment chosen, has been paid on or prior to the *effective date for injuries*, and any check is honored on first presentation for payment.
6. The certificate is: (a) issued by Golden Rule exactly as applied for within 45 days from date of application; (b) delivered to the proposed insured; and (c) accepted by the proposed insured.

Definitions:

1. "*Satisfactorily completed*" means that no adverse medical conditions or abnormal findings have been detected which would lead Golden Rule to decline issuing the certificate or to issue a specially rideder certificate.
2. "*Effective date for injuries*" for a mailed application means the later of: (a) the requested effective date, if any, shown on the application; or (b) the date upon which the original application is actually received by Golden Rule at its Home Office.

NOTICE TO APPLICANT REGARDING REPLACEMENT OF ACCIDENT AND SICKNESS INSURANCE

If you intend to lapse or otherwise terminate existing insurance and replace it with a new plan from Golden Rule, you should be aware of and seriously consider certain factors that may affect your coverage under the new plan.

1. Full coverage will be provided under the new plan for preexisting health conditions: (a) that are fully disclosed in your application; and (b) for which coverage is not excluded or limited by name or specific description. Other health conditions that you now have may not be immediately or fully covered under the new plan. This could result in a claim for benefits being denied, reduced, or delayed under the new plan, whereas a similar claim might have been payable under your present plan.
2. If after due consideration, you still wish to terminate your present insurance and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information, correct information regarding the tobacco use of any applicant, or information concerning other health plans may cause the company to deny a future claim and to void your coverage as though it has never been in force. After you have completed the application and before you sign it, reread it carefully. Be certain that all information has been properly recorded.
3. You may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of or addition to your present plan. You should be certain that you understand all the relevant factors involved in replacing or adding to your present coverage.
4. Finally, we recommend that you not terminate your present plan until you are certain that your application for the new plan has been accepted by Golden Rule.
